The trade shows are happening this week, and has fashion luminaries, buyers and trend-hunters converging different parts of Manhattan. Our good friend [North Trooper](#) was at the Liberty Fashion and Lifestyle Fair Trade show, and snapped us some pics of the stylish attendees.

The show also featured some of the best brand offerings for those with a more sophisticated fashion palette. Check out some of these candid pics from the show, to get an idea of the kind of folk you might see lurking around at a show for fancy fashion dudes. The blend of commerce and creativity introduces a unique look in trade events and delivers a good presentation of whats new in the industry.

Also make sure to follow our homie [North Trooper's](#) work and find him on [social](#).
